THE VOLCANIC ISLANDS OF THE TYRRHENIAN SEA OFF THE NORTH COAST OF SICILY ARE CHARACTERIZED BY WILD, UNSPOILT NATURE. THEY ARE CALLED THE "AEOLIAN ISLANDS" BECAUSE, ACCORDING TO GREEK LEGEND, THE GOD OF THE WIND, AEOLUS, ONCE LIVED HERE. THE JEWEL IN THE MEDITERRANEAN HAS SEVEN INHABITED ISLANDS, AND EACH ONE IS DIFFERENT. FROM LOVELY GREEN HILLS TO SEETHING CRATERS, YOU WILL FIND A WIDE VARIETY OF UNIQUE NATURAL LANDSCAPES IN A VERY SMALL SPACE. IN 2000 THE ARCHIPELAGO OF THE AEOLIAN ISLANDS WAS DECLARED A UNESCO WORLD HERITAGE SITE. REGULAR VOLCANIC ERUPTIONS OF THE STROMBOLI OFFER A TRUE NATURAL SPECTACLE, AND THE VOLCANIC MOUNTAINS AND MEDITERRANEAN LANDSCAPES ARE A TRUE HIKING PARADISE.

A SUMMER BREAK FOR THE HAYNES FAMILY & TALLSHIP FLORETTE

FOR OVER A DECADE, FLORETTE HAS BEEN TAKING LONGER SUMMER BREAKS. CLIMATE CHANGE HAS BROUGHT INTENSE HEATWAVES, OVERCROWDED DESTINATIONS, LACK OF WIND, AND HIGH FUEL CONSUMPTION. RESOURCES LIKE FISH STOCKS AND DRINKING WATER ARE ALSO UNDER SEVERE PRESSURE.

WE NO LONGER OFFER HIGH SUMMER SEASON TRIPS. THIS IS OUR PROTEST AGAINST CLIMATE CHANGE—WE CAN'T PRETEND BUSINESS AS USUAL.

WE STAND FOR SUSTAINABLE TOURISM AND PRESERVING THE MEDITERRANEAN FOR FUTURE GENERATIONS.

Stromboli Volcano logical Guides Founded in 2002, Magmatrek brings together a dedicated group of Volcano logical Guides who live and work in Stromboli and Ginostra, united by a shared passion for the island and its volcano.

Our mission is to celebrate and promote the rich natural and cultural heritage of the Aeolian archipelago and Sicily as a whole.

Through our excursions, we aim to impart our extensive naturalistic, anthropological, and historical knowledge acquired from years of experience.

Participants embark on an unforgettable journey, uncovering the secrets of the region's vibrant vegetation, fascinating wildlife, and awe-inspiring geology. With our expert guidance, every moment is both safe and enriching. Please note, our tours are conducted in English.

Whether you're a family, a solo adventurer, a passionate photographer, or a dedicated researcher, our tours are designed to captivate and inspire. To ensure everyone has the best experience, a good level of fitness is essential. This allows participants to comfortably tackle our planned activities, which include hiking for 6 to 7 hours and navigating altitudes of up to 1000 meters on steep, sometimes slippery terrain. Being physically prepared not only enhances your personal safety and enjoyment but also contributes to a positive group dynamic, allowing everyone to fully immerse themselves in the breathtaking landscapes and thrilling adventures.

Each day's itinerary is shaped by the ever-changing elements—wind, weather, and volcanic activity—adding an element of spontaneity and discovery to every voyage. Our Captain and guide carefully craft the final program, always prioritizing safety while ensuring an unforgettable experience. No two journeys are the same, making every excursion a unique and exhilarating adventure!

Some Highlights:

- Vulcano: The Gran Crater hike offers breathtaking views with a 4 km round trip. It's moderately difficult due to steep inclines but rewarding with stunning volcanic landscapes.
- Lipari: "The largest island in the archipelago offers a variety of trails and insights into its geology, history, and stunning landscapes. The guide can suggest different options to help the group find the ideal way to explore the island."
- Salina: Climbing Monte Fossadelle Felci is a 10 km round trip. It's a challenging hike with steep sections, but the views from the highest point in the Aeolian Islands are spectacular.
- Panarea: The Punta del Corvo hike is 7.6 km long, easy to moderate in difficulty, offering beautiful coastal views and a peaceful journey through Mediterranean flora.
- Stromboli: The Sciaradel Fuoco trek is moderately difficult, stretching over 7 km. It offers an exhilarating experience with views of the active volcano and the Strombolian activity, especially thrilling at night.
